

Appointment of an EU-Representative (EU-Rep)

How can SCHLUTIUS Data Privacy support?

We provide you with the EU-Representative services according to Art. 27 GDPR. Any company that is not established in the European Union and offers goods and services in the European Union more than occasionally must regularly appoint an EU-Representative in accordance with Art. 27 and Art. 3 GDPR. The EU-Representative must be established in one of the Member States.

**competent
consulting**

Which tasks are included?

Today's privacy laws ask for accountability. Therefore, it is important that all requirements of the GDPR can be complied with. These include, among other things, evidence in the areas:

**Management of
data subjects
requests**

- Management of the data subject requests
- Contact point for supervisory authorities
- Communication with supervisory authorities
- Keep the processing directory up to date.

**Contact point for
supervisory
authorities**

What is the best way to proceed?

If you are interested in our offer, please contact us. For example, by phone (040/334 01-0), E-Mail (info@schlutiuss-privacy.de) or via the contact form on our website. We provide you with an individual calculation.
